PURPOSE

The User Manual provides information about how the Montana Department of Justice (DOJ) Motor Vehicle Division (MVD) online Temporary Registration Permit (TRP) service functions. The manual outlines step-by-step instructions for how you (a user) get access to the service, issue a temporary vehicle registration permit, pay for the transaction, search for TRPs and vehicles, view TRP transaction information and track sales, reprint permits, and view billing information (Figs. 1-3).

The service is used by Montana auto dealerships, auto auction businesses, the state auction property and supply group (Montana Surplus), financial institutions, the MVD, and county motor vehicle departments.

Service Use Requirements

Under state law, all motor vehicles including motor homes; motorcycles and quadricycles; travel trailers; utility trailers; all-terrain vehicles; sailboats over 12 feet in length; motorboats, jet skis and other motorized vessels; and snowmobiles must be registered with the State of Montana. Pickup campers are an exception; they must be titled but are not registered. These vehicles must display a temporary registration permit, or TRP, as specified by Montana law (MCA §§ 61-3-303, 61-3-117, 61-3-224, 61-4-221, 23-2-511).

In 2005, the Montana State Legislature mandated that all Montana auto dealerships use this Internet-based service (Fig. 4) to issue temporary registration permits. Today, there are more than 5,000 users of the online TRP service who conducted nearly 190,000 transactions in 2019 to issue 11 types temporary registration permits for 17 different types of vehicles. There are more than 1,000 dealers licensed in Montana and the State titles approximately 500,000 vehicles and registers nearly 1.3 million vehicles per year.

Internet-based Service

You can access the online TRP service on a computer, tablet, or mobile device with an Internet connection. The service is mobile responsive, displaying correctly on mobile devices, such as smartphones and tablets.

Browser Requirements

Computers, tablets, or mobile devices must use one of the following browsers to access the online TRP service.

- Current version of Google Chrome.
- Current version of Microsoft’s browser.
- Current or one version prior to the current version of Mozilla Firefox.
Printing Requirements

To print a temporary registration permit or transaction information from the online TRP service, you must have a functioning printer connected to a computer or available via a local or Wi-Fi network.

If you need to reprint a permit (Fig. 5), TRPs output on laser printers are the most readable, but printing TRPs on most inkjet and dot-matrix printers is sufficient.

If you pay for a permit or any associated fees with a credit or debit card, you can print a receipt that is created with the TRP. No receipts are generated for transactions purchased solely with a Registered User Account. Registered user charges are included with the monthly invoice that your organization receives.

Once the temporary registration permit has been created, it appears on the screen as an Adobe Portable Document File (PDF). To view and print a PDF, the current version of Adobe Acrobat Reader® must be installed on the electronic device. Adobe Reader is easy to download and install for free. For more information, visit https://get.adobe.com/reader.

Adding a Dealer Logo to a TRP

To enhance the visibility of their business, some auto dealerships opt to add their company logo to each TRP (Fig. 5). For information about how dealerships add a logo, please refer to Page 14.
How to Purchase TRP Sleeves

Once printed, the temporary registration permit is placed inside a plastic sleeve and attached where the vehicle’s rear license plate would normally be displayed.

Businesses, counties and agencies that issue TRPs must have a supply of plastic sleeves on hand when using the online TRP service. To purchase the sleeves, contact the Montana Automobile Dealers Association or the Montana Independent Automobile Dealers Association.

AUTHORIZED AGENT/MVD ACCESS

Each individual user must be associated with an organization to access the online TRP service.

How an Employee Gets Access To TRP

   - Account with which the user should be associated.

2. The MI Help Desk calls a point of contact to provide the new user’s username and password.

  ![Fig. 13](image13.png)

**NOTE:** For more information about managing your **Registered User Account**, such as how to change your password, please refer to **Page 106**.
Dealer Logo Feature

To enhance the visibility of their business, some auto dealerships opt to add their company logo to each TRP (Fig. 14).

1. To sign up, a dealership’s point of contact identified on the Registered Service Agreement emails the Help Desk at helpdesk@egovmt.com.
2. To discontinue the logo feature, dealerships must contact the MI Help Desk at helpdesk@egovmt.com.

How to Discontinue Access

If your county or agency needs to remove online TRP service access for one of its employees, your point of contact must email the MI Help Desk at helpdesk@egovmt.com.

NOTE: The email also may come from the MVD Security team, dojmvdsecurity@mt.gov.

How to Handle Unusual Situations

Periodically, MI receives a request to discontinue access for a non-MVD TRP user that falls outside of the standard procedure.

1. If this happens, the MI Help Desk informs the MI general manager (GM) or director of marketing (DOM).
2. MI contacts its legal department if necessary.
3. The GM/DOM emails all the contacts below if MI wants to turn off or remove access.
   
   NOTE: The individuals listed below are the only people allowed to approve dealership access removal in an UNUSUAL situation.

4. The GM/DOM sends an email to the MI Help Desk about whether to proceed with removing access (closing the account).
5. If the GM/DOM’s email gives permission to remove the dealership’s access, the MI Help Desk closes the account in CDB.

HOW TO REQUEST A REFUND

Voided TRPs

Cancellation of Sale

On the Day of Issuance

If you void a Vehicle Sale, Private Sale, or Courtesy Delivery TRP using the Cancellation of Sale reason on the same day it was issued, call 406-444-3884. A TRP fee will not be charged; a refund will appear on the registered user’s account or credit or debit card account.

Before Expiration

If you void a Vehicle Sale, Private Sale, or Courtesy Delivery TRP within the permit’s 40-day timeframe, the TRP fee must be paid. The MVD performs monthly audits and notifies dealerships and counties about outstanding TRP fees.

After Expiration

If you void a Vehicle Sale, Private Sale, or Courtesy Delivery TRP using the Cancellation of Sale reason after the permit has expired, call 406-444-3884. The TRP fee will be collected. The vehicle must be titled and registered at a county office in the seller’s or dealer’s name and all applicable fees collected. The late title fee is required. The TRP is pulled into the title and registration transaction and marked as complete and a new TRP can be issued the next day.

Wrong Vehicle

On the Day of Issuance

If you void a Vehicle Sale, Private Sale, or Courtesy Delivery TRP using the Wrong Vehicle reason on the same day it was issued, call 406-444-3884. A TRP fee will not be charged; a refund will appear on the registered user’s account or credit or debit card account.

Before Expiration

If you void a TRP within the permit’s 40-day timeframe, the TRP fee must paid. The MVD performs monthly audits and notifies dealerships and counties about outstanding TRP fees.

Other TRP Transactions

For all other TRP refund requests, complete Form 40-2300 and mail or fax it to the contact information on the form. The MVD approves or denies the refund. If approved, the refund is credited to the registered user’s account or credit or debit card account. If the transaction is more than 60 days old, the MVD issues a refund check.

Please email refund questions to merlinfinance@mt.gov.
TROUBLESHOOTING

Error Messages

When processing a TRP, you may encounter an error message. **NOTE:** An error message STOPS you from creating a TRP until the issue is resolved.

Error messages display near the top of the transaction window. They appear in lowercase or uppercase text in a red box with an exclamation point.

**Uppercase Messages**

An error message displayed in uppercase text indicates that there is a current action on the vehicle related to the transaction.

- You may need to contact the Vehicle Services Bureau for assistance.
- For example, this message *(Fig. 161)* is designed to alert you that the vehicle is being transferred to a new owner. A TRP cannot be issued until the ownership transfer is complete and vehicle ownership is in the name of the new owner.

**Lowercase Messages**

An error messages displayed in lowercase text indicates incorrect or missing information on the page.

- You cannot proceed with the transaction until you correct the problem.
- For example, this error message *(Fig. 162)* indicates that you did not enter the required odometer reading.
- The online TRP service further highlights the missed text box by displaying the requirement in red text below the text box *(Fig. 163)*.

Warning Messages

When processing a TRP, you may encounter a warning message. If you see one, you should verify the vehicle and purchaser information that you entered and/or enter any missing information. Warning messages also can indicate the status of the vehicle related to the TRP transaction. **NOTE:** A warning message WILL NOT STOP you from creating a TRP.

Warning messages display near the top of the transaction window. They appear in lowercase or uppercase text in a blue box with a letter “i.”

Verify and Correct Vehicle and Customer Information

Although warning messages are always important, seeing one specifically related to the vehicle or the customer information requires extra vigilance.

- For example, if you see a warning message for a vehicle that has a Montana title (Fig. 164) or after you find a vehicle record when you conduct a VIN search through the online TRP service, you should click **Cancel** to return to the Vehicle & Purchaser Search page and verify the information you entered. Correct any data entry errors. **NOTE:** VINs for vehicles older than 1982 have fewer than 17 digits, but this does not STOP you from proceeding. The warning message is alerting you to verify and/or correct any data entry errors when you return to the Vehicle & Purchaser Search page.

- If you enter a purchaser’s legal name and Montana driver’s license or Montana ID card number, the online TRP service ALWAYS displays the purchaser’s information. If you see a warning message (Fig. 165) when the service displays a customer record, click **Cancel** to return to the Vehicle & Purchaser Search page and verify the information you entered. If you review the information you entered and there are no data entry errors, enter the purchaser’s address to continue creating the TRP.

Uppercase Messages

If you a warning message in uppercase text (Fig. 166), you may need to conduct further research about the vehicle or the purchaser or contact the Vehicle Services Bureau for assistance.

- For example, if you see a **DESIGNATION: JUNK** warning message and you were not aware that the vehicle had been junked, you must choose whether to proceed with the transaction.
Offline Mode

In rare instances, MERLIN may not be able to directly communicate with the TRP service. **NOTE:** If that happens, you can still issue TRPs using the service in offline mode.

Throughout the TRP service, each page displays a message in the lower left-hand corner about whether MERLIN is in online or offline mode (Figs. 167-168).

- In offline mode, text boxes that are normally prefilled in the TRP service remain empty because the TRP service is unable to exchange vehicle or customer information with the MVD.
- In offline mode, you cannot verify if the status of the vehicle is acceptable for TRP issuance, including whether the vehicle has been surrendered or junked.

When the connection is restored, the TRP service sends the information to MERLIN.

- During that process MERLIN may return an error that must be resolved by an MVD clerk so that the information can be recorded with MVD.
- These errors are managed from the error messages menu item on the TRP Administrative Site.
- You can find the transaction through the View Activity or View Specific sections on the Main Menu page. Click the yellow Message button to view the error (Fig. 169).
- You cannot bypass the error and issue the TRP. The error may require assistance from Montana Interactive (MI), the Vehicle Services Bureau, or someone who has access to the TRP administrative user interface.

**Browser** – Browsers are desktop, laptop, or mobile device software programs used for searching and viewing various kinds of internet resources such as information on the MVD website.

**CDB** – CDB is NIC’s subscription customer database. All NIC portals, such as MI, use CDB to manage subscribers who purchase data and pay via monthly invoice. CDB tracks transactions, fees, and receivables and manages reporting. It is used to set up customer accounts and accept payments for the TRP service.

**DOJ** – The State of Montana Department of Justice (DOJ) is Montana’s top law enforcement and legal agency. **MERLIN** – The Montana Enhanced Registration and Licensing Information Network (MERLIN) is an integrated DOJ system that ties all motor vehicle title and registration services to common customer accounts. MERLIN is also used to track financial transactions for some state services. For individuals, the customer account number is the driver license or state or tribal identification card number. For businesses, the customer account number is the federal employer or tax identification number or, in the absence of these, the number assigned to the business when it registered with the Secretary of State’s office. The TRP service validates vehicle information with MERLIN before allowing users to issue a temporary registration permit.

**Montana Interactive (MI)** – Helena-based Montana Interactive LLC is the eGovernment services provider for the State of Montana and has partnered with the state since 2001. MI offers and supports hundreds of eGovernment solutions in partnership with state and numerous county and city entities that provide value to the citizens and businesses of Montana, and beyond. Most of MI’s services are delivered at no cost to partners through a unique flexible-funding model. Developed by MI’s parent company, NIC, the funding model allows for the development and ongoing support and maintenance of most eGovernment services and solutions at no cost to government. Since 2001, use of the flexible-funding model has saved the State of Montana nearly $19 million. For more information, visit http://www.egovmt.com.

In addition, NIC is the nation’s leading provider of outdoor recreation solutions, with 1 out of 6 hunting and fishing licenses in the United States sold using an NIC service. The company launched the nation’s first personal assistant for government and comprehensive mobile platform, Gov2Go®, as well as the innovative, data-driven prescription drug monitoring platform, RxGov®. More information is available at www.egov.com.

**Offline** – The MVD’s MERLIN computer system is unavailable to receive information; the service also cannot verify information from MERLIN when it is offline.

**Security Interest Perfection** – When a vehicle is purchased using a loan, the dealer must create a security interest letter along with the TRP. If you have questions, please contact the MVD at PO Box 201431, Helena MT 59620-1431 or call (406) 444-3661.
TRP – The primary purpose of a temporary registration permit, or TRP, is to allow a buyer to operate a newly purchased vehicle from the place of sale in Montana to his/her destination. TRPs are generated electronically, with a unique number and a detachable proof of temporary vehicle registration. The paper permit is put in a plastic sleeve and attached to the license plate area of the vehicle. For example, when a citizen purchases a vehicle, the dealer issues a TRP. This permit allows the citizen to drive the vehicle until obtaining a new registration and plates. Permits also are issued for other reasons such as when:

- A customer chooses a license plate that is not immediately available.
- A dealer licensed in another state needs to move a piece of equipment, such as agriculture or logging machinery, occasionally on or over state highways.
- A customer needs to move a piece of equipment, such as a mobile home or manufactured dwelling, from one point in the State to a destination on or over state highways.
- A customer needs to drive a vehicle to and/or from a VIN inspection.
- A customer moves to Montana and cannot title and register the vehicle until the title held by a third party, most often a lender, is provided.
- A financial institution that has repossessed a vehicle allows a potential buyer to test drive the vehicle.
- The new owner(s) of a vehicle requests that the vehicle be shipped to another dealership for customer pickup.
- Issuing a permit before an auto auction. After the sale, the auction house adds the new owner’s information.
- When a financial institution allows a potential buyer to test drive a vehicle.

TRP service – The online Temporary Registration Permit service, or TRP service, allows business, county and agency users (registered users of mt.gov services) to create, reissue, void and print TRPs. Users also access the service to view information about TRP transactions and track sales. Montana auto dealerships, auto auction businesses, the state auction property and supply group (Montana Surplus), financial institutions, the MVD, and county motor vehicle departments all benefit from the fast, easy-to-use service because the online system offers a more accurate way to track the permits issued in Montana and verify the accuracy of the data compared to the decades-old paper-based method. Through the administrative UI, authorized MVD employees can search and view transactions and customer information and run reports.

URL – A Uniform Resource Locator (URL) is a protocol for specifying addresses on the Internet.

VIN – A car's vehicle identification number (VIN) is the identifying code for a specific automobile. The VIN serves as the car's fingerprint, as no two vehicles in operation have the same VIN. A VIN is composed of 17 characters (digits and capital letters) that act as a unique identifier for the vehicle.

TRP TYPES

Although the primary purpose of the online TRP service is to allow Montana auto dealerships and authorized agents to issue a temporary registration permit to the new owner(s) of a vehicle, the service also is used to issue permits for other reasons such as when a customer orders a special license plate or one that is out of stock; a dealer licensed in another state needs to move a piece of equipment occasionally on or over state highways; or a customer needs to drive a vehicle to and/or from a VIN inspection, etc.

As an authorized agent or MVD employee, you can create and issue the following types of temporary registration permits through the online TRP service:

1. **Vehicle Sale** – Select this TRP type when issuing a permit to the new owner(s) of a vehicle. This TRP type also is available to dealership employees.

2. **Private Sale** – Select this TRP type when issuing a permit to the new owner(s) of a vehicle sold through a private sale.

3. **Plate Order** – Select this TRP type when a customer orders a special license plate or one that is out of stock.

4. **Limited Use** – Select this TRP type when issuing a permit to a dealer licensed in another state who needs to move a piece of equipment, such as agriculture or logging machinery, occasionally on or over state highways.

5. **Single Move** – Select this TRP type when issuing a permit to a customer who needs to move a piece of equipment, such as a mobile home or manufactured dwelling, from one point in the State to a destination on or over state highways.

6. **VIN Inspection** – Select this TRP type when a customer needs to drive a vehicle to and/or from a VIN inspection. This TRP type also is available to field operations employees.

7. **Title Paperwork** – Select this TRP type when a customer moves to Montana and cannot title and register the vehicle until the title held by a third party, most often a lender, is provided.

8. **90 Day** – Select this TRP type when issuing a permit for various reasons (e.g., the customer is missing a prior title or security interest perfection release necessary for transferring ownership). The 90-Day TRP replaces a previously issued 40-day Vehicle Sale or Private Sale TRP as an extended permit for the customer. This TRP type also is available to dealership employees.

**NOTE:** Depending on your access level and the type of organization for which you work, you may not be able to issue all the types of TRPs listed above.

The following types of TRPs only can be issued by dealerships, auto auction businesses, and dealerships with auto auction privileges, or financial institutions, as noted:

1. **Courtesy Delivery** – Users select this TRP type when issuing a permit to the new owner(s) of the vehicle if the vehicle is being shipped to another dealership for customer pickup. This TRP type is available only to dealership employees.

2. **Auto Auction** – Users select this TRP type when issuing a permit before an auto auction. Printed in advance of the sale, these TRPs can have a future date listed in the sale date text box. The purchaser is listed as the auction house. After the sale, the auction house voids the TRP using the Update Purchaser reason and adds the new owner’s information. This TRP type is available only to auto auction businesses and dealerships with auto auction privileges.

3. **SI Demo** – Users select this TRP type when a financial institution allows a potential buyer to test drive a vehicle. The purchaser is listed as the financial institution. An SI Demo TRP is issued for 40 days and used for multiple test drives. This TRP type is available only to financial institution employees.
